If trusses ordered UNFINISHED (sanded but not stained), save \$100 per truss					
Crating is required to protect trusses during shipping, and a separate crate must be built for each different roof pitch. A crating fee of \$100 applies for each roof pitch ordered.					
Example: Three 8/12 trusses and two 6/12 trusses are ordered. This would require 2 crates and the fee would be \$200 for the order.
